EDUCATION

- BACHELOR'S DEGREE IN
EMBEDDED SYSTEMS AND IOT

2023 - Present

INSTITUTE FOR TRAINING AND
RESEARCH IN COMPUTER SCIENCE
- SCIENTIFIC BACCALAUREATE

2023

COLLEGE CATHOLIQUE D'AZOVE

SKILLS

- Machine Learning pipelines (YOLOv8, Whisper, LLMs)
- Real-time data processing & streaming
- FastAPI, Python, RESTful API design & optimization, Database design, SQLite, Supabase, SQL optimization
- Parallel processing & performance optimization
- Python for data analysis
- Real-time dashboards & analytics, Web APIs

LANGUAGES

- French: Native
- English: Professional Proficiency

PROFILE

Passionate Data & AI Integration Engineer with proven expertise in building end-to-end AI systems that process, analyze, and transform data into actionable insights. Specialized in combining machine learning models (with scalable backend infrastructure). Driven by impact—building solutions that solve real-world problems, from climate education to language preservation to professional accessibility.

PROJECT EXPERIENCE

- BACKEND DEVELOPER

2023-2025

NETCOP SARL
 - Developed and maintained RESTful APIs for web applications
 - Designed and optimized MySQL databases
 - Implemented secure authentication systems
 - Participated in code reviews and technical documentation
 - Collaborated with frontend team for feature integration

FEATURED PROJECTS

- VOXIAI - AUTOMATIC SUBTITLE GENERATION FOR SHORT VIDEOS
 - Built hybrid ML pipeline
 - Implemented parallel audio/video processing
 - Protected analytics dashboard for usage statistics
 - Tech: FastAPI, Faster-Whisper, Gemini API, FFmpeg, SQLite, WebSockets
 - Impact: Accessibility solution for content creators
- EVOLUTICS - CENTRALIZED OPPORTUNITIES PLATFORM
 - Aggregated internships, jobs, training from multiple data sources
 - Integrated AI assistant for CV writing, jargon decryption, personalized advice
 - CV Builder with modern templates and cover letter generation
 - Tech: React 18, TypeScript, Supabase, Google Gemini AI, Tailwind CSS
 - Impact: Professional opportunity access for students
